

✚ Hope Medical Clinic

It All Starts with You!

We are partnering with HRSA to build defenses against COVID-19. It's a team effort, and you are a key part of that defense!

Why Get Vaccinated?

- 

1 The vaccine is free of charge to you. We will be rewarding our patients with a \$50 gift card for each vaccine they receive whether it is a first dose, second dose, or booster!
- 2 Protect yourself, your family, your coworkers, and your community.
- 3 Help end the global pandemic. The vaccine helps prevent illness and hospitalizations from COVID-19.
